We would like to introduce our company and the services we can provide to you and your family.

We are an insured and bonded company.

Our company has been working with the major Insurance Companies for 20 years providing “build back” services in fire, storm, flood and, mold.

References upon request.

Let us help to eliminate one of the major concerns many families throughout the “Golden Triangle Communities” are experiencing:

A fair and equitable settlement to restore their homes.

1. We at HR&B Corp. will prepare a new insurance scope using *Xactimate* software (Insurance company approved estimator). It will figure every dollar of building money needed to restore your home to its’ original condition.
2. This scope is first approved by you, the homeowner, and then sent to your insurance carrier to start a supplemental claim.
3. We will handle the loss visit with your adjustor and work on your behalf to get any and all supplemental money due on your claim.

We do this “Free of Charge”.

Our only condition is that our Company is the contractor of record to perform your restoration services.

HR&B Corp. is staffed to get most structures rebuild and families comfortably back in their homes within 6 weeks of settlement.

We look forward to hearing from you.

Joseph J. Coffaro

Owner

We are staffed and ready to do repairs and build back work in Beaumont & Orange areas
IMMEDIATELY
